PROFILE

B.Tech graduate with a strong foundation in Java and Python programming, SQL databases, and cloud computing (AWS). Hands-on experience through internships in full stack development and cloud infrastructure. Quick learner with strong problem-solving skills, seeking an entry-level Software Developer / Fresher role to apply and grow technical skills in a professional environment.

EDUCATION

Bachelor of Technology Sir CR Reddy College of Engineering, Eluru — CGPA: 7.79	2021 - 2025 Eluru, India
Intermediate (MPC) SASI Junior College — 91.9%	2019 - 2021 Velivennu
SSC Lotus High School — 74.6%	2019 Tadepalligudem

PROJECTS

AI-Powered Code Review Assistant Python, GPT-4 API	01/2025 - 04/2025
- Used Python to process and analyze code submissions, integrating the GPT-4 API to generate structured, data-driven suggestions. - Applied logical analysis to evaluate output quality and refine suggestion accuracy.	
Student Result Management System Python, Tkinter, SQL	
- Built a desktop application in Python with a Tkinter GUI to record, update, and search student results. - Designed the backing SQL database schema and wrote queries for CRUD operations and grade calculations.	
Weather Forecast Application Python, REST API, JSON	
- Developed a command-line Python application that fetches and parses live weather data from a public REST API. - Handled JSON responses and error cases to display formatted forecasts for user-specified locations.	
Cloud File Storage System AWS S3	
Built a cloud-based file storage and retrieval system using AWS S3, handling structured file data and secure uploads.	

SKILLS

Programming Languages: Java, Python, C, SQL
Python Libraries & Frameworks: Pandas, NumPy, Flask, Tkinter, BeautifulSoup, Requests
Databases: SQL (queries, joins, schema design)
Cloud: AWS (S3, basics of cloud deployment)
Tools: Git, GitHub, VS Code, MS Office
Soft Skills: Quick learner, strong analytical reasoning, collaborative team player

CERTIFICATIONS

Java Programming — NPTEL, 2024 (Level 1)
Python for Data Science — IBM Skills Network (Foundation Level)

INTERNSHIP EXPERIENCE

Full Stack Java Development Intern — Talent Shine Pvt. Ltd. Java, SQL
- Handled database operations and query writing using SQL as part of application development. - Worked on debugging and testing to ensure data accuracy in application outputs.
Amazon Web Services (AWS) Intern — BrainOvision AWS, Cloud Computing
Learned cloud computing concepts including data storage and application deployment on AWS.

STRENGTHS

- Strong analytical and problem-solving ability
- Quick learner, adaptable to new tools and technologies
- Works well in collaborative environments
